

HEASC Organizational Updates – 3rd Quarter 2013

APPA

- Annual Conference (Aug. 1-4) in Minneapolis, MN.
- March/April issue of Facility Manager publication was focused on sustainability.
- Opening a call for papers for the 2014 Conference within next two weeks. 2014 Conference will be March 3-4 in Baltimore, MD.
- Working with CSHEMA to co-publish the third edition of an environmental compliance systems guide. Instead of a printed guide this issue may be electronic.
- Joint publication with Building Commissioning Association on the third edition of the Building Commission Handbook. Plan to include sustainability in building components.

ACPA

- Sustainability Institute pre-convention workshop at annual convention in March (in Indianapolis).
- Compiling new resources for the ACPA website and a re-design of sustainability pages there.
- Working to coordinate all student affairs organizations.
- Learning outcomes that were developed at ACPA are on sustainability improved student learning site and being utilized by stem disciplines as is a list of change agent skills.

NAEP

- Re-wrote committee charges for the year.
- Launched green survey.
- Looking at sustainability curriculum and how it fits into 2014 professional development conferences.

NAICU

- No new news.

CSHEMA

- Sustainability COP is active and we are acquiring new members.
- Green laboratory tool.
- Membership survey addresses sustainability professional development opportunities from CSHEMA
